This Current Report on Form 8-K is filed by ViaSat, Inc., a Delaware corporation (the “Company”), in connection with the matters described herein.

**ITEM 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers**

**Annual Bonus Program**

On May 20, 2010, the Compensation and Human Resources Committee (the “Committee”) of the Board of Directors of the Company (the “Board”) approved the terms of the fiscal year 2011 Annual Bonus Program (the “Bonus Program”) applicable to key employees of the Company, including the Company’s executive officers. The design of the Bonus Program is substantially similar to the Company’s previous bonus programs, which reward achievement at specified levels of financial and individual performance.

Under the Bonus Program, each executive officer position has an assigned target bonus level, expressed as a percent of fiscal year end annual salary. Depending upon corporate financial performance and individual performance, each executive officer may earn less than or more than the target bonus. Target bonuses for the Company’s executive officers under the Bonus Program range from approximately 60% to 100% of an executive officer’s base salary. However, based on the Bonus Factors (defined below), the actual bonus paid could be less than the target bonus range or up to 170% of an executive officer’s base salary. Two factors comprise the fundamental design of the Bonus Program (the “Bonus Factors”):

- Financial Performance of the Company. Financial performance includes earnings, revenue, net operating asset (“NOA”) turnover and awards, with the greatest emphasis on earnings. The level of performance, upon which the bonus award is based, is determined from the ratio of fiscal year-end earnings, revenue, NOA turnover, and awards compared to the planned amounts reviewed by the Committee and the Board at the beginning of the fiscal year.
- Individual & Organizational Performance. This discretionary component enables the Committee and the Board to adjust the annual bonus based on each executive officer’s performance and contribution to the Company during the fiscal year.

The Company expects to adopt a similar bonus program for future fiscal years, which will reward achievement at specified levels of financial and individual performance and will contain target bonuses consistent with those disclosed above. Such financial performance will be measured against the corporate performance criteria discussed above.

The Committee’s approval of the terms of the Bonus Program shall not be deemed to create an enforceable agreement between the Company and any employee or executive officer, and the Committee retains discretion to reduce or refuse to authorize any awards under the Bonus Program despite attainment of any specific objectives. No rights to any awards shall be deemed to exist unless and until the Board or, with respect to non-executive officers, the Company authorizes payment of any awards under the Bonus Program following the completion of any fiscal year measurement periods.

At its meeting on May 20, 2010, the Committee also approved the annual bonuses under the Company’s fiscal year 2010 annual bonus program for the Company’s executive officers for fiscal year 2010, including the bonus for the Company’s Chairman and Chief Executive Officer and President
